The Redwoods Golf Course  
22011 88<sup>th</sup> Avenue  
Langley, BC

As we continue to monitor the affect of the coronavirus (COVID-19) on our communities near and far, we wanted to share the actions that Redwoods Golf Course is taking to keep our facility clean and safe for our guests and employees.

We have implemented numerous changes to operations in order to be fully compliant with the Provincial Health Officer's Orders. **But we can't do this alone.** Everyone is responsible for preventing the spread of COVID-19. Below are the measures that we are diligently taking to keep our facilities safe, as well as our expectations for guests using the facilities.

Some of the steps that we are taking to reduce the potential spread of the virus are as follows:

- **Only accepting online bookings and one payment per tee time** to limit contact with public
- **Offering indoor and outdoor dining** with distancing between tables
- **Increasing sanitation** in public spaces and commonly touched areas
- Offering hand sanitizer in various places around the facility
- Adding a spacer to cups so that the golf ball only drops half an inch and golfers don't reach into the cup

Our expectations of our guests are as follows:

- **Stay at home** if you or anyone in your household have any symptoms of COVID-19
- **Wash your hands** or sanitize often while at our facility

Anyone not complying with the above expectations—employees or guests—is not allowed on the Redwoods property and will be asked to leave immediately.

We are prepared to navigate the challenging circumstances that we are currently facing with everyone's safety in mind. We will continue to monitor the risks associated with COVID-19 and other communicable diseases and we will adjust our precautionary procedures as necessary.
